Officials Declare Slav Capital
is In No Immediate Danger

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Oct. 15.—German forces which landed on the Russian Island of Oesel, at the head of the Gulf of Riga, Friday, occupied Arensburg, the capital of the island, on Saturday, it was officially announced today by the Russian war office. Arensburg is on the southern shore of Oesel Island.

The northern group of German warships, the statement adds, dispatched a torpedo boat squadron between the islands of Oesel and Dagö, which pressed back the Russian patrols. Russian naval forces reinforced the patrol and accepted battle whereupon the German ships retired.

Fighting for Oesel Island, the war office announces, continued all day yesterday.

A third group of German warships, consisting of cruisers and torpedo boats, approached the southern coast of Oesel Island and bombarded unimportant parts of the coast. German submarines were observed at various times and places in the Baltic.

PANIC STRIKES CAPITAL

(ASSOCIATED PRESS TELEGRAM)
Petrograd, Oct. 15.—The German forces which were landed on Oesel Island, at the head of the Gulf of Riga, are pushing forward to the east and south, placing in a difficult position the Russian forces and batteries in the district of Arensburg, at the southern end of the island, especially those on the Cerel peninsula. Military critics predict actions in the Gulf of Riga, followed by development of the invasion to the mainland on the east coast of Estonia, rather than an attempt toward the Gulf of Finland, which is protected by mine fields which the Germans would have to sweep under the menace of the Russian fleet.

The newspapers exhibit alarm at the landing of the Germans on Oesel Island. The Bourse Gazette says the situation on the country is the more complicated because a solution must be found not only of the unsatisfactory state of affairs in the interior but of the problem presented by the closing of the Gulf of Riga by the Germans. The Ruskaya Volia says:

"We are being led toward our calvary but perhaps we shall find our resurrection."

The Rech attributes the disaster partly to lack of visibility and unexpected political frivolity of leaders of the Russian democracy. The socialist press takes the Maximalists to task.

The Volia Naroda recalls Premier Kerensky's warning of the danger of a German coup in the Baltic, which was stigmatized by the leader of the Maximalists as an unworthy political maneuver. It insists, on the necessity of an implacable struggle against Maximalism.

The Den declares the Maximalist aspirations recently displayed in the fleet undoubtedly contributed to the German success.

Only the Izvestia, organ of the Council of Soldiers and Workmen's Delegates, looks on the disaster as a blessing in some respects, saving the news of the German landing came at a time when Russia's learning of the troubles in the German navy, was beginning to entertain dangerous unfounded illusions regarding the imaginary disorganization of the enemy.

The landing of the Germans has increased the exodus from Petrograd which has been noticeable since the fall of Riga. Since Saturday the ticket office has been besieged by many persons offering large premiums for tickets. The situation is aggravated by rumors which were branded officially as unfounded, that passenger traffic will be stopped shortly in view of the expected evacuation of government institutions. It is stated in government circles that no extensive evacuation is looked for as no immediate danger threatens the capital.

The new front is still 300 miles distant. It is pointed out, and the roads are impassable. It is not believed a landing in Finland will be attempted, owing to the scarcity of supplies there to the fact that provisioning would be rendered difficult with winter approaching.

The central committee of the fleet has addressed to the sailors an appeal which has caused cessation of the meetings at Helsingfors. The semi-official news agency says the first naval engagements in the Oesel waters have shown that an appeal to the crews of the fleet may be counted on with certainty. Possession of the Gulf of Riga by the Germans appears to military writers to be a most serious menace and to give a considerable advantage to the enemy, who will be able to make secure his communications with Riga by sea.

The Baltic fleet is ready to carry out all orders of the government, according to Vice President Ivanoff of the Presidium Centralof, the organization which is the fleet's representative.

ponds with the Council of Soldiers and Workmen's delegates in its relations with the army. Immediately on receipt of news of the German landing the appeal of the central committee was issued, calling upon the sailors to forget internal strife and take all measures to improve the fighting capacity of the fleet. Commissioners carrying instructions hastened to Helsingfors.

"Reports that the fleet is not ready to meet the enemy are untrue," said M. Ivanoff. "The fleet is full of fighting ardor and is ready to repel the enemy. Stories of evil influence exerted by the sailors' committees are greatly exaggerated. The near future will show how honorably the fleet will fulfill its duty to the country."

GOVERNMENT BANS MESSAGES OF SAFE ARRIVALS OF TROOPS

Washington, Oct. 15.—Aroused by publication in some parts of the country of private cablegrams announcing arrival of American troops in France, the war and navy departments today took steps to prevent a repetition of the incidents which may result in the courtmartial of the officers who sent the messages.

In one case, a former National Guard officer, wired his governor, but so far as is known, newspapers in that locality observed the government's voluntary censorship request and did not print the cable.

In the other case, however, a former National Guard officer telegraphed the governor of his state of the arrival of his regiment with a request that it be given fullest publicity. The governor's office gave out the cablegram and many papers in that state printed the number and designation of the regiment, all in violation of the voluntary censorship.

The war department has most urgently requested that nothing whatever be printed about arrivals of troops abroad, promising at the same time to report promptly any casualties. Friends who know troops have sailed and hear nothing further may assume they have arrived safely.

Steps probably will be taken to prevent the sending of similar messages from the other side and to prevent the delivery, if necessary, should they get through by mistake. All troops abroad now are under the federal government and no longer are under state control. By reason of this fact the government can exercise what the war department regards as a necessary censorship over news of their movements.

SICK AND NEEDY TO GET FIRST CALL ON TWO CARS OF COAL

Over 150 calls for coal have been received at the office of Service Director W. C. Christian. Today two car loads of coal were expected by Director Christian sent by the Ohio coal clearing house, on orders from Director Roan of Columbus. The coal was shipped Saturday from the Cambridge fields.

The coal will be apportioned in small lots to needy families first. Those families in dire need on account of sickness, etc., will be taken care of first. The office of the safety director can be reached by Citizens phone 1545 or Bell phone 550.

The board of education today received two car loads of coal and this will be distributed among the various school buildings of the city. The board has been assured an adequate supply of the precious fuel for the winter.

Local dealers receive small allotments of coal within the next few weeks, providing coal cars are released by the railroads. An effort is being made to have the cars returned as quickly as possible from the lake ports and from the north-west.

The coal clearing house was open all day Sunday and Director Roan and a force of clerks were busy until late at night. Service Director Christian hopes to have the local situation relieved before any more real cold weather sets in.

MINERS OF MIDDLE WEST VOTE STRIKE; WILL QUIT FRIDAY

Kansas City, Mo., Oct. 15.—A resolution calling for a strike affecting all mines of the southwestern coal operators association in Oklahoma, Missouri, Kansas and Arkansas, beginning Friday morning, was passed today at a meeting here of the presidents and secretaries of the state organization of the United Mine Workers of America.

GOVERNMENT ACTS TO GIVE OHIO COAL SUPPLY

Washington, Oct. 15.—In official announcing today the appointment of Homer H. Johnson of Cleveland as state fuel administrator for Ohio the federal administration gave assurances that every effort would be made by the government to take care of the coal shortage which has been reported from approximately 200 cities and towns in the state. The new administrator immediately will investigate the situation throughout the state and call on the government here for whatever supplies is needed.

ANOTHER DRIVE IN FLANDERS IS BEING PREPARED

Gen. Haig Reports Heavy
Artillery Engagement
On New Front

HAS HAD TIME TO PLACE
BIG GUNS ON NEW LINE

Weather is Serious Handicap
to Infantry Advance
and Observation

(ASSOCIATED PRESS TELEGRAM)
New York, Oct. 15.—Heavy artillery actions are again in progress on the Flanders front. London's official report today speaks of a strong bombardment of the new British positions on the main Pesschendale-Gheluvelt ridge, south of Broodseinde. In the light of previous experience this may be viewed as indicating German counter battery work against the intensive British artillery fire in progress preparatory to another push.

The British artillery now has superior positions from which to work, as there must by this time have ample opportunity for the heavy guns to be put in position on the dominating high ground taken in the recent advances. It thus seems probable that Field Marshal Haig will not delay his next stroke beyond the time when these guns have had an opportunity to break up such concrete construction as the Germans have been able to construct in what they describe as their "defensive zone," which week by week is being forced further eastward.

The weather, however, is a decidedly important element in this consideration, as the continuation of hard storms not only keeps the ground in a state well nigh prohibitive of co-ordinated infantry advances but interferes seriously with the vital aerial observation work.

The situation on the Russian northern front continues critical, with the Germans over-running the island of Oesel and rapidly pursuing their program of gaining complete control of the Gulf of Riga. Russian military observers expect speedy extension of the German operations to the mainland, probably on the Estonian coast, whence a movement toward Petrograd might be pushed.

Petrograd itself is considered in no immediate danger, as hundreds of miles of ground lie between the Germans and the Russian capital. The possibility of further naval developments through the Gulf of Finland, bringing the Germans base operations still nearer the present seat of government, is being considered. However, the Russian fleet is being besought to do its utmost in coping with the situation.

HEAVY EXPLOSION OF NITRO KILLS 2; WINDOWS BROKEN

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, Oct. 15.—An explosion in the nitrostarch dryhouse at the Du Pont Powder works at Gibbstown, N. J., resulted in the instant death of two workmen. A third man is missing, and is probably dead. Two others were blown to pieces. Another man was seriously injured. The destroyed building was a small one-story structure isolated from the rest of the plant and the force consisted of the four men mentioned. There was no other damage.

The Du Pont company says there is nothing suspicious about the explosion. Because of the terrific force of the explosion most alarming reports as to its extent were in circulation. Almost everybody in Philadelphia—20 miles distant—felt it and surrounding towns in New Jersey reported shattered windows and other ill-effects of the impact.

Consequently the news that there had not been a great disaster came as a relief. Ever since the war began the powder and munitions factories around Philadelphia have been a source of apprehension to the public and the people became excited whenever a report is heard or felt from "down-Bellevue section," where millions of pounds of explosives are being turned out for the armies.

REVEALED SECRET OF TANKS; WOMAN SPY IS EXECUTED

(ASSOCIATED PRESS TELEGRAM)
Paris, Oct. 15.—Mata Hari, the Dutch dancer and adventuress, who two months ago was found guilty by a court martial on the charge of espionage, was shot at dawn this morning.

Mlle. Mata Hari, long known in Europe as a woman of great attractiveness and with a romantic history, was, according to unofficial dispatches, accused of conveying to the Germans the secret of the construction of the entente "tanks" thus resulting in the enemy rushing work on a special gas to combat their operations.

AFTER TRIALS OF RECENT MONTHS RUSS ARMIES STILL RETAIN GREAT STRENGTH

The Russians' methods of advance over shell holes in their attack on Dzike-Lani (above) and a Russian retreat at the time of rumored government betrayals.

Though the troubled affairs of Russian government have brought severe trials to the private in the ranks, the Russian armies remain potentially a strong fighting machine. When well officered the Russian soldier has excellent abilities and exceptional courage. Within recent months the Russians have shown both terrorized retreat and gallant offensive fighting. Rumors of government betrayal, spread by pro-German propagandists, caused the full flight of whole army divisions. In the attack on Dzike-Lani the Russians advanced steadily under the heaviest shell fire and over a most difficult district.

CHICAGO WHITE SOX WIN 1917 WORLD CHAMPIONSHIP; DEFEAT NEW YORK GIANTS IN SIXTH GAME OF SERIES

(ASSOCIATED PRESS TELEGRAM)
Polo Grounds, New York, Oct. 15.—The Chicago White Sox are world baseball champions. They topped the sixth game of the series this afternoon, Rube Benton of the Giants being unable to stop the attack of Manager Rowland's men.

The Chicago White Sox are today knocking at the gates of Verdun, while the New York Giants threw in their last reserves to hold the key to the world's series. A defeat today for the Giants and the American leaguers win the season's baseball honors, while a victory for the champions of the National League would give them an equal chance with the Sox in the final contest tomorrow.

"We must win today," said Manager McGraw, of the Giants, "and we can do it. The Sox have the edge, it is true, in that they can lose today's game and be on even terms with us win the fight for the seventh game, but I believe that we will win both games."

Manager McGraw wheeled his two left-handers into line—Schupp and Benton—and awaited until the last moment before making his decision which one would open fire on the Sox. Both pitchers were ready. Urban Faber looked the likely pitching selection of Manager Rowland. Faber had his big curve and low-breaking spitter working in fine shape in the last two innings of Saturday's engagement and he told Rowland that he wanted the chance to send his mates back to Chicago tonight with the big end of the Purdie. Should the Sox lose today, Eddie Cicotte will be on the rubber tomorrow to stop the Giants with his knuckleball.

A balmy morning turned showery toward game-time as a smoky southwest wind came unexpectedly and the early crowd—a small one for a series contest—covered their heads and shoulders with newspapers and waited. The playing field was fast, mats and tarpaulins having only been removed a little before noon. Ground-keeper Fabian said the field could stand a fair soaking and still be in playing condition.

The Giants took a long batting practice, trying the ranges off the right-hand shoots of Al Baird and Swinger. Then Jeff Tesreau worked his moist-favorite against the Giants so that they might get their batting eye in shape to gauge Faber's shoots. Benton and Schupp took their turns in batting.

The Chicago fans behind the visitors' bench welcomed the Sox as they walked on the field with rounds of applause which was punctuated by jeers from the Giant supporters. Announcement was made that umpire Klem would give the decisions on balls and strikes; O'Loughlin at first; Evans at second, and Rigler at third.

OCT. 24 IS LIBERTY DAY FOR SALE OF BIG BOND ISSUE

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 15.—The administration appealed to America in a presidential proclamation published today to make the second Liberty loan even a greater success than the first, which was oversubscribed more than 50 per cent. The president's proclamation sets aside Wednesday, October 24, as Liberty Day, and asks that patriotic celebrations be held everywhere throughout the country in the interest of the loan.

A half holiday is to be granted to all employees of the federal government in all parts of the country, except those whose services cannot be dispensed with, to participate in the celebrations.

"Let the result be so impressively emphatic," the president urges, "that it will echo throughout the empire of our enemy as an index of what America intends to do to bring this war to a victorious conclusion." The wage-earners of the country are urged to an appeal issued by Secretary of Labor Wilson to do their part in making the loan a success.

Subscriptions continue to lag, latest official figures showing a total to date of \$229,544,900. This is only about 8 per cent of the \$5,000,000,000 hoped for.

(ASSOCIATED PRESS TELEGRAM)
New York, Oct. 15.—The Chicago White Sox and New York Giants meet in the sixth contest of the world's championship baseball series on the Polo grounds today in what Comiskey's men hope will be the money game. The home team disappointed at its failure to hold the lead they had in Chicago, again are fighting with their backs to the wall. While the McGraw men know their chances are desperate they are still hopeful of turning back the White Sox and making the series even again. New York has but once chance to win, which if Chicago should slip today, the American leaguers would still have another opportunity to take home the bacon. Although Rowland's men have the edge in the series supporters of the Giants express confidence that McGraw's fine pair of pitchers, Ferd Schupp and Rube Benton will hold the Sox while the Giants bat out the victory against the Chicago men.

Manager Rowland has expressed the utmost confidence in winning the series. Coming east he said he expected to send Red Faber to the pitching mound, and would hold Eddie Cicotte in reserve in case the former should falter. Rowland's confidence is reflected by all the members of the Sox team. They are greatly elated over their victory in Chicago on Saturday when they looked almost hopelessly beaten and feel that the National leaguers can not do another comeback trick like the one they performed last week when they took two straight on the Polo grounds.

Manager McGraw will probably choose Rube Benton to hold the White Sox today. His performance against Chicago is the best of any Giant pitcher, he having held the western team to five hits for a total of six bases in the opening game here.

While little betting was in evidence, the odds favored the White Sox, 2 to 1, though wagers at even money have been made that the Giants will win today.

RED CROSS SENDS FLOUR TO SERBIA PRISON CAMPS

(ASSOCIATED PRESS TELEGRAM)
Washington, Oct. 15.—Shipment of 5000 bags of flour for Serbians in Austrian prison camps, the first of a series of food purchases which the American Red Cross in co-operation with the Serbian government is making in this country for relief of prisoners, was announced today.

The Serbian minister has deposited \$500,000 to the credit of the Red Cross for the purpose. The allies have found it necessary to furnish living necessities for their soldiers who are captured because of the failure of the central powers to provide sufficient food. By arrangement with Germany and Austria prisoners are permitted to receive extra rations and clothing from their home-governments.

Lack of supplies in Europe has forced Serbia to buy in America. Additional consignments of food-stuffs and clothing for Serbian prisoners are now being assembled and will be shipped to the Red Cross.

The Red Cross now has a special commission in Serbia, headed by Cordell Arnold, Severance of St. Paul. The ravages of war there are said to have been even worse than in Belgium and Rumania, and many Serbian refugees have been entirely dependent upon America for relief.

NEGRO REGIMENT AT CAMP SHERM'N TO BE ORGANIZED

Fifty Negro Recruits From
Iowa Training Camp
Are Officers

OKLAHOMA COLORED MEN
TO BE TRAINED IN OHIO

Lack of Guns Retards Training
of Men In Bayonet Work

(ASSOCIATED PRESS TELEGRAM)
Camp Sherman, Chillicothe, O., Oct. 15.—Fifty negro officers will be sent here from the negro training camp at Des Moines, Ia., November 1, to become officers in a regiment of negro troops and in a field signal battalion of negroes.

According to information from Major General E. F. Glenn's headquarters today the 3000 negroes Oklahoma who are to be sent here to train with 2000 from Ohio, will be organized into a regiment of engineers and a field signal battalion instead of into a regular infantry or artillery regiment, as was first believed. Most of the negro officers will be lieutenants. Field officers ranking above captain will be whites and a majority of them regular army officers, it was announced today.

While no definite information has been received, officers here believe the Oklahoma negroes will be assembled at one point in that state and sent here in a military manner instead of arriving as have Ohio draftees. It is said also that when troops are sufficiently trained, they will be transferred to a negro division, which will be known as the 82d National army division.

Officers at Camp Sherman are getting a course in bayonet exercises under direction of Major Eric Fisher Wood, late of the British army, and it will not be long before they begin teaching selects. The most serious handicap to "specializing" work now is the lack of guns, bayonets and other paraphernalia.

Brigadier General Perkins today announced winners of competitive drills conducted at the 21st and 32d Infantry Regiments, Saturday. Company I, composed of men from local boards 13 and 15, Cleveland, won the 21st.

The headquarters company got the honors in the 32d. Company G and D were second and third, respectively. The machine-gun company and Company K ranked second and third in the 31st.

Reconstruction of all kitchen serving tables in all barracks has been ordered following a report by sanitary officers that they cannot be properly cleaned. Food lodged in cracks in the tables created unsanitary conditions, the report said. The order correcting this provides that each second, or every other board in the table, be not nailed down so that it can be lifted and the table thoroughly cleaned. This is but one instance of what the sanitary forces are doing to make Camp Sherman spick and span.

Organization of a field signal battalion is under way. Five new officers are to come in the next few days to complete the roster of officers. Two companies of qualified men, enlisted as reserves have been sent here for training.

The Liberty-loan clock in front of General Glenn's headquarters, started its second round today. It was built to show subscriptions toward \$300,000 and Camp Sherman boosted it past that mark today.

The 23d company of the 6th training battalion, in which there are 197 men, reported that 111 have subscribed, including 87 aliens. John Straut, one alien, handed his bank-book to Lieutenant Anderson, one of his officers, and invested the \$2000 deposits the book showed he had to his credit. The company subscribed exactly \$13,000 in bonds.

CALL OHIO NEGROES WEEK OF OCT. 27TH

Columbus, Oct. 15.—Provost Marshal General Crowder at Washington today notified Governor Cox that Ohio conscripted negroes will be sent to Camp Sherman at Chillicothe during the five days beginning Oct. 27. There are approximately 2,000 negro conscripts in Ohio.

SOUTHERN COMMERCIAL CONGRESS IN SESSION

New York, Oct. 15.—With the thousands of delegates from all the southern states in attendance, the annual convention of the Southern Commercial Congress was opened here today and will continue throughout Wednesday.

After the introductory meeting, 300 editors and publishers were guests of the information committee of the congress at a luncheon. The speakers included Stephen L. Lannan, editor of the Party Man and Dr. Iyemaga, managing director of the East and West News Bureau.

Ambassadors state governors, and other distinguished men will address the congress during its session and 12 allied diplomats have accepted invitations to the banquet tomorrow night.

LIBRARY GETS \$225 FROM PLAY GIVEN BY LOCAL TALENT

The attendance at "The Spring Bonnet," Saturday afternoon and evening did not come up to the expectations of those in charge, but about \$225 will be realized for the benefit of the public library under whose auspices the production was presented.

The show was successfully produced, the large chorus numbers working easily into the play, and it moved with a quickness that is foreign to most first productions of home-talent plays. All the principals acquitted themselves with laurels, and the dancing and singing was in every instance first-class. While a larger sum was anticipated to be used in library work, the money received will aid in continuing this civic necessity.

PASTOR HONORED ON 78TH ANNIVERSARY; HAS BIRTHDAY CAKE

Under the direction of the Christian Endeavor society of the Pine Street Christian Union Church, the members gave a surprise to their pastor, Rev. H. J. Duckworth's birth and also the 78th anniversary of the birth of J. L. W. Stinger, one of the members of the church.

Dr. Duckworth had announced that he would give a review of his 50 years experience in active work as a pastor and did not realize that any special efforts were being made by the members of his church in his honor.

At the close of the morning service Mrs. Rosell announced that the Endeavor society arranged a program for the afternoon and that the members were prepared to serve dinner in the basement of the church. When Dr. Duckworth was ushered into the dining room and saw a birthday cake with seventy-three candles at one end of the table and another at the other end of the table with sixty candles in honor of himself and Mr. Stinger, he declared that there must have been a conspiracy on the part of someone.

Andrew S. Mitchell, who is a member of the county Sunday school executive committee and a neighbor to Dr. Duckworth in former years was a guest of honor and spoke at the Sunday school session and also at the afternoon program.

NEWARK BOYS WITH ZANESVILLE COMPANY WHICH LEFT SUNDAY

Many Newark boys were members of companies included in the Seventh Ohio Infantry which left Zanesville Sunday morning amid a great demonstration planned in their honor. The men left in a special train of several coaches and baggage cars for Cincinnati, where they will be mobilized and then sent to Montgomery, Ala. A number of Newark musicians are included in the Seventh Regiment band.

Among those to go with the infantry from New Lexington was a brother of Benjamin Minister of the Bargain Shoe store. Mr. Minister went to New Lexington Sunday morning to see his brother off, but reached the city just a few minutes after the soldiers had left.

AMBULANCE OWNER IS SUED; ASK \$8000 DAMAGES

Two damage cases were filed in common pleas court today as a result of the collision of Criss Brothers' ambulance and a Dodge touring car, which occurred in this city at Fourth and Locust streets, on Sept. 8, the latter car being owned and operated by Dr. Lewis E. Davis of Granville. With him at the time were Mrs. Davis and Mrs. Sarah Myers.

Dr. Davis asks the court to award him damages against the firm of Criss Brothers in the sum of \$2,000, claiming that his car was badly wrecked and that he suffered injuries of heavy loss of life. Two men were killed; one is missing. The small building destroyed was separated from the rest of the plant.

STUDENTS INVOICE COAL.
Delaware, Oct. 15.—That Delaware has one-tenth of her normal coal supply was the data found in a recent survey of 300 families conducted by 50 Ohio Wesleyan students of economics. This practical piece of work was undertaken under the direction of Professor French E. Wolfe, and was for use by the state council of national defense. Less than 250 tons were found among the three hundred families whose normal supply at this time is over 2500 tons. Hard conditions were noted among the poor.

PRISONER NOT BROUGHT TO LICKING CO. JAIL.
John Sheeholtz, a miner from near Lexington, Ky., who shot and killed Arthur Keeley, a saloonist at San Toy, Perry county, confessed to a murder yesterday afternoon and a murder watch from New Lexington today stated that Sheriff E. R. Hughes had removed him to either Newark or Lancaster. Sheriff Swank could not be reached and Deputy Frank Brown the turnkey at the jail, stated that he was not aware of Keeley being brought here.

LAYMEN HOLDING BIG CONFERENCE HERE TODAY

A conference of laymen is being held today in the First Presbyterian church with a number of delegates in attendance.

The conference is on men's work and evangelism, and a number of interesting talks on these subjects have been arranged on the program. There are delegates present from Knox, Licking, Muskingum and Coshocton counties.

RAINBOW DIVISION READY FOR VOYAGE ACROSS THE OCEAN

Washington, D. C., Oct. 14.—The Rainbow National guard division, which includes the Fourth Ohio regiment, now the One Hundred and Sixty-sixth, is about ready to depart for Europe and will make its getaway very soon, according to a tip received here. For obvious reasons the exact time of departure and place of sailing are withheld from publication.

NOTED ARTISTS IN CONCERT TONIGHT; AT H. S. AUDITORIUM

Jules Falk, noted violinist, assisted by Gertrude Arnold contralto, and Malvina Ehrlich, pianist, will give a recital tonight and tomorrow night at the high school auditorium, under the auspices of the Daughters of Veterans. These noted artists have appeared in engagements extending from New York to San Francisco and from Winnipeg to New Orleans. The recitals promise to attract a large number of music-lovers to the auditorium both evenings.

IOWA VOTING TODAY ON PROHIBITION AMENDMENT

(Associated Press Telegram)
Des Moines, Oct. 15.—Iowa voters went to the polls in a special election today to ballot on a constitutional amendment to determine whether or not the manufacture and sale of liquor shall be prohibited. Defeat of the amendment means that, by legislative enactment, the state can again authorize the sale of liquor whenever a "wet" legislature sees fit to do so. Iowa has been dry for two years under statutory provision.

NO POST-SERIES GAMES.
New York, Oct. 15.—Players participating in the world-series will be forbidden to engage in post-series games. It was announced here today by the national commission. From each player's share in the world-series money to the sum of \$100 is to be retained until January 1 as a means of enforcing the new rule. It was said Manager McGraw of the New York Nationals, had planned to take a team to Cuba for exhibition games. It was declared also that Eddie Collins, captain of the Chicago Americans, had intended taking a team made up of White Sox players to Upland, a Philadelphia suburb, and that \$10,000 had been guaranteed for their appearance.

EXPLOSION IN POWDER PLANT.
E. S. Franklin was much exercised at the first report of the explosion in the DuPont Powder works at Gibbstown, N. J., this morning as his son, Harold, is in the company's office at that point. The explosion was felt 20 miles distant from the plant. At first there were rumors of heavy loss of life. Two men were killed; one is missing. The small building destroyed was separated from the rest of the plant.

AMUSEMENTS

ALHAMBRA.

Tonight and Tomorrow. There are fighting and love in alternate episodes throughout the sensational new Mutual production "Queen X," in which Miss Edna Goodrich is starred.

No more remarkable play of smuggling and intrigue has ever been written for the screen. It has to do with the devious plottings and schemings of Oriental smugglers. Assistant United States District Attorney Edwin M. Stanton, wrote the drama out of his own experience in suppressing the most notorious smugglers' gang that ever lived since Capt. Kid.

Wednesday and Thursday.

"The Marriage Market," the newest World-Picture Brady-Made, will be shown at the Alhambra theatre and will bring three of the World stars to this theatre. They are Carlyle Blackwell, June Elvidge and Arthur Ashley. Each of these stars has a powerful role in this production. Carlyle Blackwell is seen as a comparatively poor but rising young stock broker; June Elvidge appears as a society debutante who marries a wealthy man to save her father from financial disaster, and Arthur Ashley appears as the man she marries.

GRAND.

Antonio Moreno. The setting for "A Son of the Hills," the Greater Vitaphone Blue Ribbon feature which will be the attraction at the Grand Theatre Monday and Tuesday is that part of the South where, until recent years, little was known of the people. They lived in the hills and slaved in the mills, and cared not or knew not of the rest of the country. They had their romances and their feuds, but not for most of them life was just a dreary waste.

Then educational enterprises began to filter into the hill country, factory conditions were made better and the people began to take an interest in life.

The Rockefeller "hookworm" investigation also was an important factor in uplifting these people, because it called attention to a population which had been neglected by the rest of the country. Now, however, conditions have greatly changed and modern factories and schools have been the chief influence that brought about the change.

Antonio Moreno plays the part of Sandy and Belle Bruce that of Cynthia, his sweetheart.

AUDITORIUM.

Pauline Frederick. It is glad news to many Newark admirers of Pauline Frederick who comes to the Auditorium today in the first of the Paramount Select Star series of pictures. Miss Frederick is undoubtedly the greatest emotional actress on the screen and her drawing power and popularity is not equalled by any actress of her class. She has always been a great attraction and no doubt the Auditorium

At The Auditorium Theatre Tonight, Tuesday and Wednesday Evenings.

during her three day stay will be crowded. In "Double Crossed," a story of exceptional interest, the theme deals with Eleanor Stratton, a young society matron much in love with her husband, who overhears a so-called detective trying to blackmail him. Shamelessly playing eavesdropper, Eleanor learns that in his early life her husband, whom she has been inclined to place upon a sort of pedestal as an example of perfection, has committed a rather serious theft.

The "detective" is attempting to get him to commit still another by threatening to expose the first. Touched by her husband's terrible fear lest she herself should learn of his early crime, Eleanor resolved to prevent his becoming a thief again by obtaining the paper the "detective" wants for him, herself.

From this point the photoplay sweeps through a series of unexpected and thrilling situations until a climax wherein Miss Frederick reaches her highest standards of acting. Two added features are seen today in the Hearst-Pathe News and the new Sonnet-Paramount comedy "A Bed Room Blunder."

You will sit in utter amazement that such things could be done by "Humans" realizing at the same time that only people completely under the thumb of a despotic militarism and utterly subservient to it

will, could so far forget that they are really "Humans" as to do the things that is shown in "The Wake of the Huns" soon coming to the Auditorium.

Mack Sennett—is the man who put satire in overalls—the father, so to speak, of screen comedy and the most original director in the world. Thousands who saw his first Paramount comedy "A Bed Room Blunder" yesterday said it was sure a "Mirth Riot." With those fun makers Charles Murray, Wayland Trask, Miss Mary Thurman and others, you sure will be pleased. It is shown today for the last times in connection with Pauline Frederick in "Double Crossed."

The Slacker. In "The Slacker," the big Metro special feature to be shown at the Auditorium Thursday and Friday, Newark picture fans will have a chance of seeing a feature that has caused the entire country to gasp, for the vital moments and thrills are great, however, the idea, the central thought, is the most important thing in "The Slacker," powerfully driven home in the story of Robert Wallace (played by Walter Miller), who marries in order to escape military duty. The examples of his younger brother (Eugene Borden), and his best friend (Leo Delaney) who enlist respectively in the army, and the

navy, fail to move him, but his wife (Emily Stevens), daughter of a long line of patriots, arouses his sense of honor and accomplishes the regeneration that makes a man of him. Reverently he kisses the flag for which he has sworn the give his life. As Margaret Christy, Miss Stevens has the opportunity of her distinguished career. Walter Miller as "The Slacker," Leo Delaney as the friend, Eugene Borden as the sailor-lad, Millicent Fisher as a society girl, working for the Red Cross and others help make "The Slacker" one of the good treats of the season at this theatre.

Smokes for Soldiers. The following letter explains what good those cigarettes that you drop into the Glass Bowl in the Lobby of the Auditorium are doing:

War Work Council, Army and Navy, Young Men's Christian Association, With the colors. Camp Mills, Hemstead, N. Y., October 10th, 1917.

Mr. George M. Fenberg, Mgr. Auditorium Theatre, Newark, Ohio.

Dear Sir—I received the package of cigarettes and tobacco today and want to thank you on behalf of myself and Newark boys for it, as they sure will be appreciated very much when we get to France. Very truly yours, Hayes D. Graham, Co. B 166th Infantry.

Mr. Graham is with the "Rainbow Division" which supposedly left for France last Thursday.

Auditorium Notes.

"Mutt and Jeff Divorced," the Gus Hill Musical comedy is soon to be seen at the Auditorium. A company of fifty is carried and the attraction is said to be better than ever.

Through an error Capt. Kimball Young in "The Easiest Way" was an-

ounced in the Auditorium add for showing next Sunday—this feature by Eugene Walter comes to the Auditorium Saturday next and is seen with the Hearst-Pathe News.

It is estimated that this year's business in electric ranges will be in the neighborhood of \$3,000,000.

COLLEGE GIRLS ON FARMS.

A party of college girls who recently went out in the country to help the farmers with orchard and garden work, have returned to their studies and reported a pleasant and profitable experience. They were given much social attention, entertained in the homes of the farmers, and did a lot of work.
Farmers have been complaining bitterly of lack of help. Yet it has not probably occurred to one in a hundred of them that college girls would or could do this work. Yet the farmers in the town that employed this party of girls found that the girls had saved their crops.
In every college, normal, and other school, there are many girls working their way through, who would gladly go out in summer for such employment. It would be more profitable than the formerly popular task of waiting on summer hotel tables and much more independent.

During the coming winter the professional ball players will prepare for the time when they get too old to play, by smoking the cigars of admiring friends, being photographed, and coaching the high school team in batting practice.

The Germans aren't a bit worried about that day when the American army will go over the top. Kaiser Bill has it straight that they are only armed with wooden swords and toy pistols.

The only trouble with college life is that the men out on the athletic field ought to be in their rooms studying, and the men in their rooms studying ought to be put on the athletic field.

With the government asking for bids for 1,000,000 pounds of turkey for Thanksgiving, there is little incentive for a prudent bird to work very hard to find fattening food.

Our army at the front doesn't fear that the German trench line can't be broken. The only people that are worrying are politicians safe in the hangouts at home.

Mr. Hoover's fuel conservation program is enthusiastically endorsed by the boarding-house and apartment house keepers who are without money to buy coal and wood.

Some people will fuss and bother for two or three weeks to find some man to clean up litter for them, while others go out and do it themselves in about two hours.

This terrible suffering of the neutrals seems to be that now they have to stand up in their boots and hang on to their food, instead of giving it up to the Germans.

One way of joining the conservation of resources movement, is waiting before raking up leaves until the wind blows them over to your neighbors' lawns.

Young Rockefeller has had his shoes tapped to help on the conservation movement, but it is not yet reported that he links his stockings to hide the cracks.

It is complained that salad dressing and canned fruits are put up so tight that you can't get the covers off. Still you can do great execution with an ax.

In the minds of a good many men, the income tax was a most beneficial act of social justice until the exemption was lowered to take them in.

It is still possible to make a good lecture pay, as the people will come so as to be able to say they have heard it.

UNCLE SAM'S POSITION.

Uncle Sam had nothing whatever to do with the beginning of this world war. That he will have to be in at the finish with both feet is a condition that was forced upon him. And Uncle Sam has a way of meeting his obligations. He will have considerable to do with the finish.
The intrigues of the Balkan rulers concerned him not at all. Nor was he losing sleep over the ambitions of the Kaiser or those of any other interested foreign monarch. And the assassination of Crown Prince Frederick was but an incident of European unrest. Uncle Sam, as usual, was attending strictly to his own business.
Even after war had set all Europe aflame he pursued the even tenor of his way, taking no sides, playing no favorites. Long ago he had adopted the policy of keeping out of entangling European alliances, and here was a situation in which he had no desire or inclination to take a hand. It was not his quarrel in any sense.

Yet slowly, steadily, and with unswerving certainty, events moved threateningly upon our rights at sea, our commercial interests and our national honor and security.

It's all a well-known story now. Only when Germany began a ruthless undersea warfare upon our merchant vessels, entailing the sacrifice of innocent American lives, did Uncle Sam take off his coat, climb into the ring and declare himself.

And he went in determined to stay to the finish.
We haven't begun to fight as yet. But we are whipping into shape an army that will do Uncle Sam proud. It is expensive, but it is necessary. Uncle Sam will kill two birds with one stone. He will retain his position and prestige before the world while he will do humanity the greatest service in the history of the world.

American honor today depends upon her soldiers in the field. Get behind the man behind the gun. Buy a Liberty bond.

THE GERMAN DECLINE.

(Philadelphia Record.)
Not only have the Germans passed the climax of their military power, but they passed it July 1, 1916, when the allies began the battle—it would have been called the campaign in any previous war—the Somme. On the morning of July 1 the Germans posted a military bulletin that the French losses at Verdun would make any allied offensive elsewhere on the line impossible, and had an hour later the French and English "went over the top" along many miles of front in the execution of a plan for which they had been preparing for months.

They were not successful at all points. Three months elapsed before the British carried all the points on their left that were involved in the plan. But the successes of the allies on Saturday and Sunday were sufficient to move the German commander, General von Below, to issue an order to his army on Monday in which he said:

"The decisive issue of the war depends on the victory of the Second Army on the Somme. We must win this battle in spite of the enemy's temporary superiority in artillery and infantry."
The battle, or campaign, went on until November. The allies had driven the Germans out of positions they had been fortifying for a year and a half and regarded as impregnable. A very large German force was driven back for miles, and positions of great strategic importance were occupied by the French and English. The number of square miles of area won by the allies was not very great; it takes time to move the heavy guns from one position to another. But by November the allies had gained everything they set before themselves on July 1. Their soldiers found it possible to drive the Germans out of strongly fortified positions, and the fact made quite as much impression on the German soldiers as it did on the French and British troops.

The spring was marked by the allied successes at Vimy and Messines Ridge, and for weeks now the third battle of Ypres has been in progress, with the Germans always yielding ground. They have been on the defensive, and unable to hold their ground, ever since July 1, 1916. "This decisive issue of the war," said von Below to his army, "depends on the victory of the Second Army on the Somme," and that army, although heavily reinforced, was defeated. Von Below was right, and the decisive issue of the war was determined when the allies routed the Germans out of their fortified positions on the Somme.

The Confederacy reached its high-water mark at Gettysburg, July 1-3, 1863. Up to that time it had generally had the advantage. After that time it very rarely had it. It gave up 21 months after Gettysburg. Twenty-one months after the beginning of the Somme would end next spring. Twenty-one months after the rise of the battle on the Somme would carry the war till next summer.

But there must not be an instant's relaxation in our efforts to strike a stunning blow. All that Germany is hoping for now is some dissension among the allies, or some indication of war weariness among the allied peoples. Give the Germans any encouragement, and they can hold out a long time and protract the war, though there is absolutely no question about the result. Keep up the drive against the Germans, and the war will end some day making its master stop the slaughter.

They are going to tax hair tonic, too, and maybe until the war is over it will be just as well to slick the stumps directly on the scalp and save the time now used in rubbing the tonic in.—Grand Rapids Press.

There doesn't appear to be the slightest desire to question the statement attributed to Mr. LaFollette, that he hasn't any grievance against Germany.—Marion Star.

Union Labor Indorses Liberty Bonds

By John A. Voll, President Ohio State Federation of Labor.

Organized labor is using all its influence to have the individual buy Liberty Bonds. The organizations of labor, national and international, have led the way for the individual in that quite a number of them have bought Liberty Bonds and are purchasing them now.

The Printers' union bought \$50,000 worth, as also did the Glass Bottle Blowers' union. Numerous other unions have made purchases of the bonds and still more will do so.

Labor, therefore, urges upon the individual particularly to purchase Liberty Bonds as a matter of patriotism, in that it will not only establish a demarkation between democracy and autocracy, but that Liberty Bonds will wipe out autocracy.

The wage earners of our country should buy Liberty Bonds because after resuming the age-long struggle for political, religious and industrial liberty, they can well say with Ezekiah Butterfield that "the blue arch above us is Liberty's dome and the green fields beneath are equality's home."

While the home of this equality is yet to be worked out and attained, we feel that it will be accomplished when our flag does its part in making the world safe for democracy.

O'LEARY AND OTHERS.

(Cleveland Plain Dealer.)
Jeremiah O'Leary, eminent advocate of peace and persistent heckler of the American government, is finding less time for his chosen pursuits. A considerable part of his attention is being given to denying, explaining or postponing his position in the correspondence of the German secret agents. The latest disclosure links Mr. O'Leary's name with the campaign of sabotage which Bernstorff's aids sought to establish in this country.

"Malicious and Mendaacious," says Mr. O'Leary, are the "hideous suggestions" Secretary Lansing is "striving to create in the public mind." He knows nothing about the things contained in the intercepted Zimmerman message. Moreover, the whole thing may have been forged.

Of course Mr. O'Leary has a right to his hearing. Equally, of course, he has a right to become very angry. Anger is no more than natural, under the circumstances. The disclosures are ruining Mr. O'Leary's value as a worker in his chosen line of occupation. Anyone would be vexed.

All that Mr. O'Leary says in behalf of himself may be true. Yet it is undeniable that Mr. O'Leary's work has persistently been in opposition to the interests of this country. There are plenty of others who have been similarly active, and who from now on will have less to say and who will carry little weight with what they do say.

The question of the innocent motives of such men is relatively important. What matters is the fact that the German government looked upon them as friends and supporters. Berlin judged their work and found it worth while from a German standpoint.

Miss Florence L. Bell is writing some delightful sketches for The Newark Advocate, entitled "Off Main Traveled Roads," descriptive of an experience in getting away from the excitement and turmoil of city life, and all the war alarms incident thereto, and taking up the quiet and contentment of country village life. The sketches show a fine literary conception which is most gracefully expressed. It is a pleasure to read them, for they are so finely told that one almost enjoys with the writer her joyful retreat. We don't know that it would be right to steal away from the noisy duties of the day too long, but to go for awhile, and enjoy the stillness of the woods, the beauty of the flowers and the songs of the birds, would refreshen

It plays? It is the first subject which the Tibetans and Mongols teach their children, and it is the last prayer which is uttered by the dying man. The traveler repeats this formula on his journey, the shepherd when attending his flock, the housewife when performing her domestic duties, the monk when absorbed in religious meditation. It is met with everywhere—on flags, rocks, trees, walls, columns, monuments, domestic implements, skulls and skeletons. It is looked upon as the essence of all religion and wisdom and the means of attaining eternal bliss. They represent the symbol of transmigration, each syllable successively corresponding with, and releasing from, one of the six worlds in which men are reborn. The formula is:—"Om Mani Padme Hum."

NEW AUDITOR PICKS HIS HELPERS FOR ABILITY TO SERVE

Fred S. Wilson assumed the office of county auditor today and immediately plunged into the work, assisted by his new deputies, Jesse A. Grove, Emmet S. Hursey, Wm. F. Wulfoop and Miss Lulu Starr.

Mr. Wilson is one of the best known men in Newark, having served as a letter carrier for twenty-three years. He was successful at the nomination in a field of four, all men of ability and political strength. His majority at the November election over Robert Campbell, who was formerly district tax assessor and a man of splendid ability and character, was 2443, about 300 more than that received by President Wilson.

The new auditor is a native of Newton township, and he also has a wide acquaintance over the country. He is a firm believer in the fact that the children of the home are and will be the controlling influence in social and political life. His election was no surprise and the large majority which he received was due to the clean, vigorous campaign which he conducted.

Auditor Wilson in selecting his deputies was unhampered by pre-election promises and made selections on merit and their ability to carry out his plain, courteous treatment to all.

The selection of Deputy Grove was made from Auditor Wilson's intimate knowledge of his qualifications and fitness for the position. Mr. Grove was an employee of the Newark post-office for seventeen years and leaves the service with a record of which he should be proud. Mr. Grove's work on the Pythian Castle board has proved his worth in many ways and indeed much of the success of that undertaking is due to his untiring efforts and ability.

Wm. F. Wulfoop, one of the deputies, served as city auditor from 1909 to 1913, and his record as such official is one of efficiency and he is highly recommended by state officials. He has been a life long resident of Newark, has experience, education and his character and disposition stamp him as a splendid selection.

Emmet S. Hursey, another appointment, served as deputy under Auditor J. W. Hursey for two years. He was a teacher in the public schools for seventeen years and engaged in the business of general merchandise for five years. He is also a local minister of the M. E. church without a charge. He is splendidly equipped for the position which he has been called upon to fill.

Miss Lulu Starr, has been employed in the auditor's office for three years and she also served five months in the treasurer's office and was a clerk in the office of the district assessor until it was abolished. She also served two years in the claim department of the B. & O. railroad company. She is efficient, accurate and accommodating.

V. R. McFadden has been reappointed sealer of weights and measures. He has made a good record and measures up to the standard set by Mr. Wilson for his official force.

OBITUARY

Mrs. Ottilie Miller.
Martinsburg, Oct. 15.—Mrs. Ottilie Miller, wife of Fred Miller, died Friday at her home in Galena. Mrs. Miller was a daughter of Mr. and Mrs. James Bell of this place. She was born and reared here. She was a graduate of the Martinsburg high school. The funeral Sunday at 2 o'clock was held at the house. Burial in Galena.

Sarah J. Price.
Mrs. Sarah J. Price, died at the family home on the Evergreen farm in the Welsh Hills, Sunday, October 14.

She was the widow of Thomas D. Price, prominent farmer of Licking county, who died in 1900. She was born in Newark township, Licking county, April 25, 1831 and is the mother of eight sons, six of whom survive her. Ira M. Price, Professor at the University of Chicago, Chicago, Ill., S. Eber Price, President of Ottawa University, Ottawa, Kas., Enoch J. Price, attorney at law, Chicago, Ill., Milo B. Price, Principal Pillsbury Academy, Oswantonna, Minn., Orlo J. Price, pastor First Baptist church, Lansing, Mich., and Homer C. Price, proprietor Evergreen Stock and Fruit Farm, Newark.

Mrs. Price's death was due to ailments incident to her advanced years, and came after an illness of two months. All the sons will attend the funeral with the exception of Ira Price, who is ill.

The funeral services will be held on Tuesday afternoon at 2 o'clock at the Welsh Hills Baptist church of which she was a member for 79 years. Rev. Bunyan Spencer of Granville will officiate.

Mrs. Sarah R. Smith.
Mrs. Sarah R. Smith, aged 80 years, died at her home in East Locust street, Sunday morning at 2:30 o'clock following a short illness of pneumonia. Mrs. Smith was born August 20, 1837, in the home in East Locust street, where she passed away Sunday morning. She is survived by two daughters, Mrs. George Sprague and Mrs. Anna R. Glover, one son, Jesse Dickinson Smith, having died in childhood. Mrs. Smith had been a life long member of the Episcopal church, and the funeral services will be held at

the home, Tuesday afternoon at 2 o'clock. Rev. Lewis P. Franklin, rector of the Trinity Episcopal church officiating. Interment will be made in Cedar Hill cemetery.

Funeral of Miss Grace Gray.
The funeral of Miss Grace Gray will be held on Tuesday, the funeral cortege leaving the home south of Jacksonville, Tuesday afternoon at 1:30 o'clock. The services will be held at the Fairmont church. Rev. Mr. Tibble officiating and burial will be made in the Fairmont cemetery.

GATHERED MANY NUTS.
Patrick Flanagan chaperoned a party of nut gatherers yesterday afternoon to the hills near Chatham, and they succeeded in bringing back six bushels of butternuts, several bushels of walnuts, a half bushel of hickory nuts and a peck of chestnuts. Mr. Flanagan keeps the location of every nut-bearing tree in the vicinity, but there was quite a contrast with the time he gathered them years ago. Then he was a barefooted urchin in old trousers and hickory shirt and yesterday he wore a tailor made suit, patent leather shoes and kid gloves, but at that he gathered more nuts than any other member of the party.

REMOVED TO HOME.
Louis Hedrick, Baltimore & Ohio engineer, who was injured in Columbus a week ago, was removed to his home Sunday from Grant hospital, Columbus. He was taken from the Baltimore & Ohio station in the Hazler ambulance to his home, 225 Gay street.

JUMPED BOARD BILL.
Isaac Phillips and Ray Cole were each fined \$10 and the costs in police court this morning by Mayor R. C. Bigbee for jumping a board on the affidavit being filed by Mrs. M. J. Vaughn. They were sent to the county jail in default of payment.

MUSIC

One of the most successful and artistic amateur musical plays ever presented in Newark was the performance of "The Spring Bonnet," Saturday afternoon and evening, for the benefit of the public library. At both performances a well-filled house showed their appreciation by generous and prolonged applause. The choruses were all very principal parts that it would be unfair to give preference to any one. Miss Edna Morehead, the director, is a genius at handling large companies of people, and she is especially successful in her work with children, but the real praise and credit for the entertainment is due Mrs. Harry P. Scott, president of the Library Association, and Mrs. Neva Rees, the librarian, assisted by Mrs. Lytle, accompanist. Only those in close touch with these self-sacrificing women really appreciate the tremendous amount of labor involved in such an undertaking. Aside from a substantial sum realized for the library they have performed a splendid work for the community. Everybody had a good time, fond parents were delighted, and much hitherto unsuspected talent in the cast was revealed. But there is a deeper meaning than this. We need the community gathering now more than at any period in our history. At this time when each individual feels the unnatural strain in every walk in life nothing better can be offered the people than to bring them into closer touch with one another by working for the success of a community affair. If we are to win the war it must come through a closer unity of our people, working together, playing together, singing together. One of our greatest needs is closer organization not of divisions of people but as communities, the establishment of true communal life.

OLD DENISON MEN ON CAMP SHERMAN FOOTBALL ELEVEN

Camp Sherman, Chillicothe, Oct. 15.—With six former all-American players and numerous other heroes of the gridiron in training every day, officers and men at this National Army cantonment expect to turn out one of the greatest football teams in the country this fall.

In addition to the all-American players, the camp's athletic roster shows one all-western player and 15 former all-Ohio gridiron stars. In addition there are many other college football men at camp whose names are familiar in recent football history.

Most of the famous players of other days are officers—men who left their stores and offices to attend officers training camps, where they learned to apply their old football tactics to modern warfare. However, many of the conscripted men have turned out for practice and each regiment and many individual companies expect to have fast teams and representatives on the all-camp, or "varsity" team.

All-American football players at Camp Sherman are Captain Talbot, the former Yale star, who is aide to Major General E. P. Glenn; Scovell of Yale, Matting of Yale; Gobel of Yale; Heymann, the old Washington and Jefferson end; and Needham of Dartmouth. Eichenlaub of Notre Dame, an all-Western man, also is in camp.

Among former all-Ohio players in camp are: Roubenush and Rupp from Denison; Kagy, Englehart and Dinaple, backs from Western Reserve; Oberlin and Erb, the men on Reserve teams, and Portmann, also a Reserve man; Wright of Williams; Knowlton, a tackle who put Akron on the football map; Hayes of Marietta; Little, Ohio Wesleyan guard; Foss, star quarter for Ohio State; Rogers and Kurtz, former Ohio State men, and Getz of Mt. Union.

Then there is Overbaugh, the old Brown quarter; Edmunds, the one-time Michigan star; Flower of Ohio State; Buehning of West Virginia; Post, Wood and Conant of Case; Hite of West Virginia; King and McMahon of Notre Dame; Monk of Cornell; Chapman of Cincinnati; Allen

KIELEY'S STARS USE STRAIGHT FOOTBALL TO DEFEAT HATTERS

M. Kieley's Stars defeated Hill's Hatters, Sunday, 32 to 0. Kieley's scored after two minutes of play by straight football.

Stars were never in danger of being scored upon. Mitchell, of the Hatters, was the principle ground-gainer, while Cook played a good game at tackle.

Kieley's played a great game. Goodwin featured at end by recovering fumbles. Mike Kieley, Gilmore and McManus were their best men.

There was a good crowd present and a nice sum was made which will be sent to the "boys" at Chillicothe.

DENISON'S FORWARD PASSES BEATS ARMY TEAM IN THE SOUTH

Montgomery, Ala., Oct. 14.—Denison defeated the team of the Ammunition Train here Saturday, by a score of 21 to 6. The army boys showing that they had not been sufficiently drilled to cope with the fast work of the boys from Ohio.

The forward passing of the Denison team was dazzling and kept the Ammunition Train crew up in the air all the time. The work of the backfield was the feature.

Rowdush, from Denison, was the bright shining star, making several long passes. Barker scored the army's touchdown on a forward pass from Marshall, on a 15-yard run. The line-up:

NEWARK WALLOPS NEAR CHAMPS IN SATURDAY'S GAME

Newark High defeated South High team of Columbus Saturday afternoon at White field in one of the most fiercely contested games ever played on White field.

Newark High kicked off to South who returned five yards. South made first down and advanced by degrees to 40 yard line, where Newark took the ball. It was recovered by South who advanced to Newark's eight yard line.

Newark put up a stonewall defense and held them three downs before South went over for the first touchdown of the game. W. Brooks kicked goal.

In the second period Mayer of Newark received a pass and went over for a touchdown. Orr kicked goal. The first half closed with a score of 7 to 7.

In the third quarter Orr of Newark placed the ball behind the enemy's line three times kicking two goals out of three. In the fourth period O'Hare of the locals scored the fifth touchdown of the game, on kicking goal. With one minute to play, Brooks of South went over for the South's second touchdown. He kicked his own goal.

The teamwork of the Newark boys was responsible for the successful game played. The particular stars for Newark were Mayer, Freaner and Orr. While R. and W. Brooks starred for South High.

The winning of this game is very important as the South High is the champion of the state. Newark High will meet her old rival, Mt. Vernon, next Saturday on White field at 2:30 p. m.

FOREMAN BOWERS PAYS TRIBUTE TO NERV-WORTH

"Greatest Remedy I Have Ever Known," Declares a Grateful User.

The Nerv-Worth druggist at Martinsburg, W. Va., received the following eloquent signed statement just a few days ago. It was made by V. H. Bowers, a foreman in Martinsburg Interwoven Mills, a widely-known and highly-esteemed citizen. Said Mr. Bowers:

"I have suffered from stomach trouble and indigestion for 15 years. Food did not digest. Formed a gas in my stomach which greatly interfered with my heart action. And I was very weak. Could not eat a meal without bloating. Have tried all the remedies I could learn of to get relief but nothing did me any good until I purchased a bottle of Nerv-Worth. NOW ALL MY TROUBLES HAVE DISAPPEARED and I can eat anything I want and digest it. Am gaining in strength and feel fine. I recommend Nerv-Worth to all, as I think it is the greatest remedy I have ever known of. It certainly straightened me out."

"W. H. BOWERS."

DAVIS HELPS MENDELS WIN GAME FROM DAYTON

Columbus, O., Oct. 15.—Mendel Pirates put another game in the winning yesterday afternoon at the Recreation Park when they defeated the Newark Dayton Miamis by a score of 25 to 9. The score does not indicate in any way the fierceness of play, which kept the spectators on edge through the entire 60 minutes of play. Archie Davis of Newark was the star of the game.

It was just a case of too-much Davis for the Dayton aggregation. Scoring three of the four touchdowns and playing a great defensive game, this Pirate backfield star was the big noise of the afternoon.

W. C. T. U. MEETING.

Chicago Grain.
(Associated Press Telegram)
Chicago, Oct. 15.—Fine weather to promote the drying out of the corn crop had a bearish effect today on corn prices. Opening quotations, which ranged from 1-8c to 3-4c lower with Dec. at 1.12 1-2 to 1.12 3-4 and May at 1.08 1-2 to 1.08 3-4 were followed by a moderate transient upturn.
Oats showed considerable strength despite the relative weakness of corn. Demand from packers lifted provisions. Lower quotations on hogs were ignored.

Wall Street.
(Associated Press Telegram)
New York, Oct. 15.—Favorable developments over the holiday were not without effect at the opening of today's stock market. Gains of 1 to 2 3-4 points were made by leading steel and cement stocks.

The uncertain trend of the list during the moderate trading of the morning was illustrated by the course of such prominent issues as U. S. Steel and Union Pacific. Steel reacted from its top of 104 1-2 to below 102 and Union Pacific fell 2 points after a substantial fractional gain.

Ura Rector.

Luther League Meeting.
The Luther of St. Paul's Luther-
an church will be entertained at the
home of Mrs. Harry Kean, 85 East
North street, Tuesday evening.

Injured at Trinway.
Ben Daugherty, 40, of Columbus,
was injured at Trinway, Saturday
night, while working for the Adams
Express company, when he fell
across a bar of iron. He was taken
through Newark to Columbus to the
Protestant hospital where it was
found he had fractured two ribs.

Condition Serious.
Mrs. J. B. Moore of North Sixth
street received word Sunday that
Rev. John Montgomery, a former
Newark pastor, who was so serious-
ly injured when his legs were crushed
by an automobile, will probably die
as a result of the accident, as his
condition is now serious.

Preaching at Pleasant View.
There will be preaching at the
Pleasant View church, at Watkins
Corners, Wednesday evening at 7:15
o'clock, by Rev. A. B. Cox, pastor.

Home for Sunday.
Three of the men in training at
the officers' camp at Ft. Benjamin
Harrison spent Sunday at their
homes here. C. W. Miller, Ambrose
Heene and Ray Perry. All are
looking fine and like the training
immensely. They arrived in the city
Saturday night and left Sunday at
8:40.

Called Meeting.
Officers of the Home and Foreign
Missionary Society of the First M.
E. church will meet in the directors'
room of the Home Building Associa-
tion, Friday, afternoon, October 19,
at 2:30 o'clock by the request of the
president.

Boosts Liberty Bonds.
The Cleveland Automobile club
has forwarded to all members a per-
sonal letter, enclosing a "wind-shield
sticker" boosting the Liberty Loan
Bonds. "If we don't lick 'em over
there, they'll lick us over here," is
one of the strong appeals in the let-
ter.

Heckman's Potato Crop.
George Heckman of 92 Moull
street is one of the champion potato
raisers of the state. On a lot 50 by
100 feet he planted Carmen seed po-
tatoes secured at the Murphy gro-
cery in West Main street and last
week put away 45 bushels of tubers.
They were large, even and as he
expressed it "regular beauties."

LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

When constipated or bilious give
"California Syrup
of Figs."

Look at the tongue, mother! If
coated, it is a sure sign that your
little one's stomach, liver and bow-
els need a gentle, thorough cleans-
ing.

When peevish, cross, listless, pale,
doesn't sleep, doesn't eat, or acts
naturally, or is feverish, stomach
sour, breath bad; has stomach-ache,
sore throat, diarrhoea, full of cold,
give a teaspoonful of "California
Syrup of Figs," and in a few hours
all the foul, constipated waste, undig-
ested food and sour bile gently
moves out of its little bowels with-
out griping, and you have a well,
playful child again.

You needn't coax sick children to
take this harmless "fruit laxative";
they love its delicious taste, and it
always makes them feel splendid.

Ask your druggist for a bottle of
"California Syrup of Figs," which
has directions for babies, children
of all ages and for grown-ups plain-
ly printed on the bottle. Beware of coun-
terfeits sold here. To be sure you
get the genuine, ask to see that it is
made by "California Fig Syrup Com-
pany." Refuse any other kind with
contempt. (Advt.)

Recital at Hladensburg.

A recital will be given by Frances
Kilpatrick's class of Frazeysburg
in the Hladensburg town hall on
Saturday evening, Oct. 27th. A
number of plays, monologs, etc.,
will be given.

Radiumactive Baths.

Mrs. Helen Hopkins, formerly of
this city, who for some time has
been successfully conducting the
Home Hospital, 1638 Neil avenue,
Columbus, recently equipped the in-
stitution to give radiumactive baths
and has been getting good results in
cases of chronic rheumatism and
neuritis.

Dry Mass Meeting.

There will be a mass meeting of
the dry forces of Newark, Tuesday
afternoon, Oct. 16 at 2:30 at the
Central Church of Christ.

Old Vets Invited.

The Daughters of Veterans extend
an invitation to every soldier who
fought in the civil war to attend the
reunion of Jules Falk at the High
school auditorium tonight or tomor-
row night as their guests. The in-
vitation will certainly be appreciated
by the old war heroes.

Visited Aviation Field.

Atty Fletcher S. Scott and a party
of friends drove to Dayton and visited
the aviation field of Uncle Sam. Mr.
Scott was extended every courtesy by
Capt. Alfred Cowan and he witnessed
a score of flights in the air at one
time. He saw the bird men execute
maneuvers that seemed almost super-
natural in which they appeared to
be defying death at every turn.

Registration Days.

Friday and Saturday of this week
will be registration days and the
only opportunity given those coming
of age or transferring from one pre-
cinct to another. Registration booths
will be open from 8 a. m. to 2 p. m.
and from 4 to 9 p. m. Remember
the two days are the only ones on
which you can register, and if you
neglect to do so you will lose your
vote.

Stopped Short Time.

President Daniel Willard and party
of B. & O. officials passed through
this city Saturday afternoon at 3:25
o'clock, stopping only long enough
to alight from the special train on
which they were traveling to the
east, to greet local officials.

Had Delightful Visit.

Mrs. Geo. M. Fenberg has returned
from an extended visit with her
parents in Indianapolis and relatives in
St. Louis, Omaha and Denver. She
had a most delightful visit, has been
in strength in a general way and was
an ardent rooter for the world's
series baseball games which she wit-
nessed at Chicago, the team from
the Windy City being her favorite.
She will again assist her husband in
the box office at the Auditorium.

Enjoys Strenuous Life.

Atty. Chas. W. Miller was home
Sunday from Ft. Benj. Harrison for
a visit with his family in Hud-
son avenue. Mr. Miller stated that
while the training was strenuous it
was certainly beneficial and he never
felt better in his life. He has lost
fifteen pounds in weight and is the
picture of health.

Organizing Pinocchio Club.

Preparations are under way for
the organization of the second annu-
al tournament of the pinocchio club
at the Elk club rooms. Thirty mem-
bers have already enrolled for the
contest and this will probably be in-
creased to forty. The losers in the
tournament will banquet the win-
ners.

Advocate Wants Bring Results.

**Give The Stomach
A Chance To Work**

We can't expect the stomach to act
normally if the natural avenues of ac-
tion are blocked. When the bowels are
constipated the stomach is called upon
for labor it is not capable of doing.
It is bloated, bristling, headache and
discomfort generally, and unless the
condition is promptly relieved, serious
illness.

An effective remedy for constipation
is sold in drug stores under the name
of Dr. Caldwell's Syrup Pepsin. It is a
combination of simple laxative herbs
with pepsin that acts on the bowels in
a gentle, natural manner, without grip-
ing or other pain or discomfort, and
gives speedy relief. Get a bottle of Dr.
Caldwell's Syrup Pepsin from your drug-
gist and have it in the house when you
need it. It costs only fifty cents and
is the ideal family remedy, valid enough
to be prescribed by the best medical
authorities. A trial bottle, free of charge,
can be obtained by writing to Dr. W. B.
Caldwell, 450 Washington St., South
Chicago, Illinois.

OHIO COAL USERS TO BLAME; SPURN DOMESTIC FUEL

Ohio coal users themselves are
largely to blame for this situation in
this state, according to Thomas K.
Moher of the Purglove Moyer Coal
Co., Cleveland, in a statement
issued last week. Mr. Moher's state-
ment says:

"The excitement caused by the
efforts of several sets of public of-
ficials to apply a remedy for the
coal shortage several important facts
appear to have been overlooked,
both by Ohio officials and the pub-
lic. This is especially true in re-
ference to Ohio coal.

In the first place, Ohio never pro-
duced in any one year above 37,000,
000 tons of coal. The present con-
sumption of coal in Ohio, including
anthracite, is 75,000,000 tons. It is
obvious that if all the coal mined in
the State were consumed within the
limits of Ohio, that an equal amount
would have to be imported to keep
the industries of the state going at
top speed and to keep its household-
ers, hospitals, state institutions,
public schools, etc., properly heated.

But Ohio coal is not used largely in
Ohio, for the reason that for many
years before the war Ohio coal op-
erators were forced to seek a market
for their wares in foreign climes.
This is true to such an extent that
it is estimated that not more than 25
per cent of Ohio coal is burned in
Ohio. There are many communities
in Ohio that burn West Virginia and
Kentucky so-called smokeless coals
to the exclusion of Ohio coal, for
domestic purposes.

These communities have been edu-
cated to believe that Ohio high
volatile coal is not suitable for do-
mestic use. There are many more
communities in the State that prior
to 1916 did not use Ohio coal for
steam purposes and hundreds of
manufacturers that could not be in-
duced to even try to use it. Under
these circumstances, the Ohio op-
erator was compelled to seek a mar-
ket for his coal in the Canadian
and American northwest where he
was acquainted with the virtues and
advantages of the Ohio product which
the Ohio people could not be in-
duced to recognize.

The people in the Northwest and
the Canadians generally, being a long
distance from the source of supply,
came into the market early and
bought up all the available supply
before the war. The price of the
policy was decided upon. Even this
large demand could have been met
and sufficient coal left for the nor-
mal Ohio demand, had not the rail-
road systems of the country become
overtaxed, and at the same time the
normal demand of Ohio for Ohio
coal more than doubled on account
of the West Virginia coal being di-
verted to the east. Ohio operators could
not honorably desert the markets
they had created outside the state,
even if they were not tied up in con-
tracts that were binding and en-
forceable.

No amount of urging had any effect
on the railway managers, their
only reply to frantic calls for more
cars was that the coal man was the
experienced coal man saw the op-
portunity and called invisible surplus of coal
vanish, called attention to it in season,
and out of season, but his eloquence
was wasted on desert air until actual
starvation is in prospect.

The situation can be saved yet by
a firm hand being laid on the situ-
ation and all hysteria stamped out.
The lake shipping season will only
last for eight weeks now and that
if the coal man saw the opportunity
to do even as well as they are doing
now, there will be sufficient coal to
go around provided it is properly
distributed.

Calling people hard names be-
cause they happen to be engaged in
the coal business does not help the
situation. The emergency calls for
intelligent co-operation and the coal
man, having eliminated the specu-
lator, can be depended upon to do
more than his share.

GRANVILLE

(Special to The Advocate)

Granville, Oct. 15.—Announce-
ment was received in Granville, Sat-
urday evening of the result of the
football game at Camp Sheridan,
Montgomery, Ala., and the score was
flashed on the screen at the Opera
House. The large audience, the Den-
ison contingent giving the customary
college yell, which proclaimed vic-
tory. The score was 21-6 in favor of
the Big red. The boys will be ac-
cording a warm demonstration on
their return. Manager Coons
will stop at Dayton a few hours and
return Tuesday morning.

Kappa Phi sorority gave the eight-
eenth annual fall banquet, Saturday
night at the Buxton House—which
was one of the most charmingly ap-
pointed in the long list of social tri-
butes. The floral tributes received
from the several college fraterni-
ties were beautiful and profuse and
were used in the decorations of the
room. The tables were decorated
with the sorority colors, place cards
and favors conforming to the color
scheme. Covers were laid for twenty-
five. The menu was elaborate, the
favors being bad vases of crystal
set in standards of pierced silver,
and containing the sorority flower.
At the symposium the president, Miss
Lora Palmer presided and called for
the following toasts: "All Kappas
Are We," response by Louise Ham-
blin; "As Years Go Rolling On," Mrs.
Ellis P. Legler; "Around Kappa's
Heartstone," Dorothy Atwell; "Loy-
alty," For Ave; "Katherine
Critchfield," "Kappa's Chain," Ruth
Atwell; Mistress of Singing, Lois
Lockhart.

Considering the state of the weath-
er, it was a large congregation which
assembled for the union mass meet-
ing in the Baptist church, Sunday
night to honor the temperance ad-
dress by Samuel W. Graff, of Cal-
ifornia. He spoke on "Alcohol and
the New Democracy," and his ad-
dress was right to the minute in
the way of indictment he made
against the liquor traffic from the

scientific business and moral view
points. The United States in at-
tempting to "make the world safe
for democracy" must use a menace
more deadly than German militar-
ism, and that is—alcohol, and Ohio
should vindicate her own honor at
the polls next month in voting out
booze, he declared. Announcement
was made of the meeting of Gran-
ville women on Tuesday afternoon
to organize for the campaign.

Mrs. Ellis P. Legler of Dayton,
Mrs. David Beveridge and little son
of the Newark road, were week-end
guests of their parents, Mr. and Mrs.
F. L. Ferguson. Both attended the
Kappa Phi initiation and banquet on
Saturday evening.

Miss Emily Colwell of the State
Library, who has spent the past three
days at her home in Granville, re-
turned this morning to Columbus.

Mrs. W. P. Ullman returned Sat-
urday morning from a visit with her
cousin, Miss Hattie Ullman in Loud-
onville.

Miss Esther Nixon who sailed from
San Francisco on September 13, has
reached her destination, Tokio, Ja-
pan, and her mother, Mrs. H. A. Nixon
has received her first communica-
tion.

Miss Eva Nixon is engaged in the
Y. W. C. A. training school in
Springfield.

Mrs. Susan T. Bawden delightfully
entertained a few friends at her
home on Burg street hill, on Sat-
urday afternoon in compliment to Mrs.
Rose D. Whisenand, Denver, former
high principal of Shepley college
who is spending a fortnight in Gran-
ville.

Mrs. Anna Colwell of Washington,
D. C., is a guest at the home of her
brother and sister, Dr. and Mrs. R.
S. Colwell.

Sigma Delta Phi sorority initiated
its nine pledged members Saturday
afternoon at "Brown Shingles," the
chapter house in Park drive. Misses
Ethel and Blanche Taylor, Yonkers,
N. Y.; Helen Whistler, Hillsdale,
N. J.; Edna Redford; Ruth
Vaughan, Chicago; Dorothy Pitts-
burgh, Atlanta; Mary Weston, Cam-
bridge; Margaret Speicher, Granville;
Helen Adams, Bowling Green; Ruth
Spencer, New Stratsville. Among the
alumnae members present were Mrs.
C. D. Coons, Miss Alma Brumback,
Granville; Miss Sarah Stasel, Miss
Moore, Pataskala; Mrs. Mary Nixon
Smith.

A car load of Granville people
went to Newark Saturday afternoon
for the matinee of "The Spring Bon-
net," and another Granville crowd
attended the evening performance.
The young people of the village and
the college who took part were Miss
Helen Ray, Miss Jessie Burns and
Jack Hundley among the principals.
Messrs. Hubert Hopkins, Don Butler,
John McConaughy and Trumper
Nolan in the choruses, and Misses
Helenita Jordan, Edith Atwell, Dor-
othy Atwell, Emily Prior, Marie Ol-
ney and Josephine Darrow in the
"Spring Dance."

Dr. and Mrs. R. S. Colwell, Mr.
and Mrs. Burton Case motored to
Columbus Saturday and lunched at
the Neil House. Dr. and Mrs. J. D.
Thompson and son McKean also
were Columbus visitors on Saturday.

Mrs. C. D. Coons and little daugh-
ters, Jane and Cathryn, spent Sun-
day in Pataskala, the guests of rela-
tives.

DEMONSTRATION IS PLANNED TO BOOST LIBERTY BOND SALE

In response to President Wilson's
proclamation setting aside Wednes-
day, October 24, as "Liberty Day,"
the Liberty-loan committee for
Licking county is arranging demon-
strations in behalf of the loan to be
held that afternoon, or evening, in
the larger towns and communities of
the county.

Chairman Walter C. Metz is call-
ing on the banks throughout the
county, the various patriotic and
civic societies, the schools, the
granges, to arrange gatherings which
will be addressed on behalf of the
Liberty-loan and to carry out the call
of President Wilson for each respec-
tive community "to pledge to one
another and to the government that
represents them, the fullest measure
of financial support."

The speakers will dwell on the
need of showing enemy countries
that America means to be victorious
and the second Liberty-loan means
lending funds to the government un-
der the most favorable circum-
stances.

The Licking Life Underwriters'
Association has pledged its best ef-
forts to make the loan a success.
The association members will devote
Thursday and Friday, October 18 and
19, to the sale of the bonds. They
will visit the 26 townships in the
county, talk to the leading farmers,
and urge upon them their duty of
subscribing to the bonds. The asso-
ciation will meet at 7 o'clock, Wed-
nesday evening, October 17, for the
"kick-off," and start out the follow-
ing morning on their routes.

Sunday, October 21, is the day set
aside for the various pastors of New-
ark and the county to present the
Liberty-loan to their congregations.
Already a number of pastors have
completed with the request of the
committee, but all are asked to
make a special effort on October 21,
when the campaign reaches its
zenith.

From the Chamber of Commerce
offices posters, placards and stickers
advertising the loan are being dis-
tributed all over the county. The
Licking County Fair, the Bureau di-
rectors, who met Saturday, aided in this
work.

**HEART BURN STOPPED
BY INTERNAL BATHS**

(Mrs.) Edward Bailey of Newark,
Ohio, writes Dr. Chas. A. Tyrrell of
New York as follows:

"I can truthfully say that the Cas-
cade has done me a wonderful lot of
good. I had heart burn or sour stomach
for 18 years and would take soda in a
short time to relieve the misery for a
little time. But since using the Cas-
cade have never been bothered that
way, and I can eat anything I also
had a very bad case of bowel trouble
and am wonderfully relieved and
know if I would use the Cascade as I
should I could cure the bowel trouble
I get now and be rid of it for good
as often as I should. I have suffered so
from sick headache and have used the
Cascade for them and can cure one in
one-half hour. I have had very few
headaches since using the Cascade. The
Cascade is a grand thing, in that it
helps you to help yourself."

This is by no means an exception-
al letter for Dr. Tyrrell to receive, as
there are now over fifty million Amer-
icans using "Dr. Tyrrell's B. C.
Cascade" with like results.

By the scientific use of Nature's
cleanser—warm water—it eliminates
all poisonous waste from the lower in-
testine and gives Nature a chance to

ence in your feelings the morning after
an internal bath.

Secy. Fulton's Friends Dodge Suffrage Issue Where Official's Family Circle is Concerned

Secretary of State W. D. Fulton, has an election question to settle which seriously threatens to disturb the peace and tranquility of his own household, says the Columbus Sunday Dispatch.

This question, fraught as it is with such direful possibilities, is whether or not Mrs. Fulton, the wife of the secretary, and their two daughters, Miss Bertha and Miss Martha, may vote in Columbus.

The Fultons reside at 940 East Broad street, Columbus, but Secretary Fulton retains Newark, from whence the family came, as his legal residence and voting place.

Mrs. Fulton and her daughters are ardent suffragists and since coming to Columbus have taken an active part in the movement for votes for women. Mr. Fulton has not reached the ardent stage yet.

They want to exercise the enlarged prerogatives conferred upon women by the new Columbus charter, which allows the gentler sex to vote for city officials.

They insist that they are residents of Columbus and so have the right to take part in its municipal affairs at the polls. The secretary of state argues that they are not legal residents of the city and so can't vote in its elections.

"But daddy," persisted Miss Bertha, "we are residents and what's more, we're going to vote here."

"As the chief election officer of the state, I shall regard it as my duty to instruct the election board not to allow either you, or your sister or mother to vote in Columbus," replied her father.

"Now, see here, father," interjected Miss Martha, "we disagree with

your view of this matter and we intend to register and vote."

"You're liable to get arrested if you do," was the secretary's unsympathetic reply.

Mrs. Fulton and her daughters finally prevailed upon Secretary Fulton to arbitrate the question and they suggested that they refer it to Tom Gregory, the assistant secretary, who recently took unto himself a wife.

They were sure that Tom would pass upon the matter judiciously and without prejudice. "Ordinarily, Tom would, but in this instance it might be otherwise," remarked Secretary Fulton, with a dubious shake of the head.

On the way down to his office Saturday Mr. Fulton met former Attorney General Timothy S. Hogan and he told the latter of the quandary he was in.

"Now, how would you decide that question?" he asked Tim. The latter admitted that the question was a close one, but was inclined to think that the women folk had a whole lot of foundation for their views.

When the problem was put up to Assistant Secretary Gregory he very promptly and emphatically declined to undertake its solution and expressed the belief that the secretary of state should not seek to escape the responsibility by wishing off to someone else a duty which he is charged by his office to execute.

Secretary Fulton went out to seek Attorney General McGhee to ask him for a ruling on the question, and when he met the general the latter was sorry but really he had an engagement which made it imperative that he hurry on and so he could not discuss the matter at all.

From all appearances it seems altogether probable that Secretary Fulton will have to decide the question without outside help. He confesses the situation is a very acute one for him and for the life of him he does not know how he is going to extricate himself gracefully from his predicament.

OHIO PASSES QUOTA.

Washington, D. C., Oct. 14.—Recruiting for the regular army in Ohio now exceeds the quota prescribed for the state when the recruiting campaign began on April 1. At that time a quota of 9534 was fixed for Ohio. According to a war department announcement Saturday, Ohio has raised 11,136 recruits since April 1.

N. C. R. COMPANY HAS NOVEL SESSION OF AGENTS' WIVES

(Special to Advocate.)

Dayton, Oct. 16.—Imagine a national business convention exclusively of the wives of the men who usually attend such meetings! This is exactly what is happening this week in Dayton, where the wives of agents and salesmen of The National Cash Register are holding the most unique and interesting business convention ever held. More than 500 women will be here by tomorrow, having come from all parts of the United States and Canada. The convention, now in session, is an intensely practical affair, in which the women are learning something about the business in which their husbands earn the daily income. Meanwhile, the men are home, hard at work.

In many particulars the convention is a unique proceeding, and it places a new value on the influence of women in a business way. It is a full recognition of a wife's influence as a factor in the business success of her husband.

In the opinion of John H. Patterson, president of The National Cash Register company, the direct result will be increased efficiency of the company's selling force. The idea originated with Mr. Patterson.

BRYAN TO SPEAK IN OHIO NEXT WEEK

Columbus, O., Oct. 15.—William J. Bryan will spend October 22, 23 and 24 touring Ohio in a speaking campaign for the adoption of the prohibition amendment.

A special train will be provided, and the committee in charge of the arrangements has arranged for night meetings in Cincinnati, Columbus and Cleveland, with noon meetings in Toledo and Youngstown.

TO REMOVE FIRST SIGNS OF OLD AGE

"The infallible first sign of age is the sagging cheek muscles," says Mme. Cavallieri, whose fame as a beauty culturist is scarcely less than that of a songstress. "These are more difficult and serious to treat than wrinkles," she continues, "are sagging muscles indicate they have grown too weak to remain in place they must be assisted, strengthened."

The best way to strengthen them is by bathing the face in a lotion made by dissolving a ounce of powdered essence in a pint of witch hazel. This creates a finer circulation to the parts, besides giving muscles and skin to contract and procure at every drug store. It has long been known by complexion specialists to possess remarkable tonic and astringent properties, valuable in treating flabby tissue and wrinkles.—Adv.

NEWARK MEN ARE ASKED TO ASSIST WAR CAMP WORK

At the suggestion of President Wilson the directors of the Newark Chamber of Commerce have been called on to get their organization behind the campaign to raise a national fund for War Camp Community Recreation work. The purpose of this is to inspire the men, increase the efficiency and help develop the fighting spirit of the American armed forces. Features of this big work include the providing of wholesome, healthy environment in the communities surrounding the ninety or more training camps and posts.

John N. Willys of Toledo, automobile and aeroplane manufacturer, appointed jointly by Secretary of War Baker and Secretary of the Navy Daniels as chairman of the national committee on the War Camp Community Recreation Fund,

has written a letter to each of the following, asking their assistance in this vitally important war work.

Frank L. Begg, George Hermann, R. S. Wylie, H. C. Price, A. A. Stasel, H. F. Darrow, Geo. H. Mosser, J. N. Pugh, J. S. Elliott, W. C. Hall, E. M. Baugher, Wesley Montgomery, W. C. Metz.

The public, it is pointed out, must be made to realize that they "first victories" will be won in America, and will depend on the way in which those who stay at home receive, welcome and hearten the men who are ready to bleed and die that democracy may live. The work for the soldiers and sailors in the communities outside the camps should not be confused with what is being done for their entertainment and recreation by the Y. M. C. A., the Knights of Columbus, the Y. M. C. A., and in other ways during their leisure hours in camp.

On Sunday evening, October 21, Pine Street C. U. Sunday school will render a rally-day program of songs, recitations and addresses. All interested in this Sunday school and church are urged to come and bring your children. The public is invited.

HOPKINS THRILLED BY FLOTILLA OF U. S. DESTROYERS

Walter Hopkins, son of the late Walton B. Hopkins, cashier of the Franklin National bank a few years ago, is now in Europe, having enlisted in government service some time ago. "A letter just received said in part: 'One more day on board and right in the sub. zone. But the submarines seem to be a fairy tale as far as we are concerned.' * * * Later, I can't say much for it for it will probably be censored, but a couple of hours ago we had an experience I never expect to see again. All I can say is that the American destroyers made a remarkable showing and we are still alive. You can judge for yourselves. Maybe you will get a hint from some American papers, but I doubt it. Maybe I've told too much but hope not. It was most thrilling. * * * There was one sentence in Mr. Hopkins letter ruled out by the censor."
